ABOUT ME

I am Quinten Claes, a passionate junior developer with a love for web development. I enjoy working on projects in a team-oriented environment to continue growing my skills. I have worked on several real-world projects and enjoy building websites that meet client needs.

EDUCATION

Associate Degree in Programming | magna cum laude

Arteveldehogeschool | 2024 - June 2026

Home study in Web Development

Learning from my father | 2023 - 2024

Together with my father, I worked on real-world web development projects, which helped me build websites tailored to client needs while learning how to collaborate in a team. During this period, I also gained hands-on experience with tools like Docker, Jenkins, Nginx, and Linux, and deepened my understanding of both frontend and backend development.

Secondary Education in IT Management

Go Talent! | 2021 - 2023

PROJECTS

Pingpong-Tool

A school project developed with two classmates featuring a drink ordering system where users can place orders, assign them to matches, and administrators can manage the system efficiently.

- Development: HTML, CSS, JavaScript, EJS, Node.js, Express.js, sqlite,
- Tools: Git, Docker, Mollie

Webshop online photo sales for football club SKLD-Lokeren.

Developed a custom webshop with my dad for a football club to sell individual/team photos.

- Design: Figma
- Development: HTML, CSS, JavaScript, PHP, Mysql, Nginx, Twig
